**Quintessential<sup>™</sup>** is the new, essential tool for combatting crabgrass and other troublesome turf weeds. Powered by H-Value Technology, a proprietary performance additive that increases efficacy, Quintessential demonstrates improved control of crabgrass at all growth stages, including the 3-5 tiller stage unlike any other herbicide on the market. Quintessential also provides better control in drought/dry and harsh conditions than other quinclorac based products. For the control of many broadleaf and grassy weeds in most turf situations.

## PRODUCT BENEFITS

- Controls crabgrass including the mid-tiller stage of growth
- Unique, patent-pending formulation powered by H-Value Technology, a proprietary performance additive that increases efficacy
- Enhanced drought stress and rainfast performance
